When you want to use this code in Joomla, you can't simply use the WYSIWYG editor. You will need to

Learn Joomla with Video Tutorials by Joomtorial - Learn Joomla with Video Tutorials by Joomtorial Generated: 25 April, 2024, 18:49

go to Joomla's Global Configuration and set your editor to "No Editor". Only then paste the code from DreamWeaver otherwise your WYSIWYG Joomla editor will rewrite and leave important codes out.

I created a working sample of this and that can be seen here: http://joomla15.joomtorial.com/index.ph & amp; http://joomla15.joomtorial.com/index.ph
Displaying org chart graphic with links? Posted by rob - 28 May 2009 20:14
Sounds like a plan!
Thanks!
