

Masterdam Autoverhuur - Versatility 4

Posted by joomtorial - 22 Jan 2009 01:59

Website URL:: <http://www.masterdam-autoverhuur.nl>

Additional Extensions: (Components, Modules, Plug ins):

- Chrono Forms Component
- RD Autos Component
- Joomap Sitemap Component
- Several Custom html modules

Custom Development: Slight adjustments on the template, logo design

Additional Information: The website is a Dutch website for car rentals. Used a rocketTheme template and basically changed some colours, added a minor adjustments on the sides. But foremost the template is as good as "out of the box".
