

VirtueMart extended coupon system

Posted by joomtorial - 18 Nov 2009 21:13

Hi all,

In my work as a web developer in mainly joomla sites and e-commerce stores, I have often had the question, VirtueMart is great but we would like to have a more extensive coupon system.

Look no further, do not reinvent the Joomla wheel. Here is a link to a component that will extend your coupon system in a perfect way!
